To clarify the previous e-mail below:

Non-Federal, Non-Allocated employees will also be required to keep a record of their activities to prove that no federal election activity occurred during a pay period.

Regards,

James Carter
Executive Director
Dallas County Republican Party

Paula,

After speaking with Chris Gober, counsel for DCRP, we will implement a policy going forward that has all employees who are paid based on the current allocation formula keep track of the hours that they spend on Federal Election Activity within a pay period. Employees that are compensated with 100% of federal funds will be exempt from this reporting requirement.

Please let us know if there are any questions or concerns.

Regards,

James Carter
Executive Director
Dallas County Republican Party
